

The Land Access and Opportunity Board

Vermont Food Security Roadmap Coalition

2025 Legislative Agenda

Vermont can make policy choices that lead to food security for everyone that lives here. Please support the following policies:

Fund the Vermont Foodbank’s appropriations request for \$5 million.

Continue to support the Land Access and Opportunity Board so it can perform its statutory powers and duties for improving land and housing access among historically marginalized or disadvantaged communities.

Appropriate \$20m for farm emergency recovery and resilience.

Convert \$323,000 in one-time funding for Vermont 211 to base funding.

Increase public investment in Crop Cash (Plus) and Farm Share to \$500k in base funding.

Pass legislation to implement the SNAP Restaurant Meals Program in VT, including staffing and local business prioritization.

Expand and increase the accessibility of the Vermont Earned Income Tax Credit and the Vermont Child Tax Credit.
